

Zambia Employer Directory by Province and Town (research draft as of 2026-05-30)

Methodology Note

This draft prioritises official government sites, company sites, hospital sites, airport operator sites, and clearly attributable directories; absence from the list does not mean an employer does not exist.

Important corrections to the seed list

- 1) Zambia Sugar / Nakambala belongs under Mazabuka, not Lusaka.
- 2) Dangote Cement Zambia's plant is in Masaiti District (often marketed as Ndola/Masaiti), not Ndola city proper.
- 3) Radio Icengelo is in Kitwe, not Lusaka.
- 4) David Kaunda National STEM Secondary School is in Lusaka, not Kitwe.
- 5) Kasama is served by Chambeshi Water Supply and Sanitation Company, not Luapula Water.
- 6) "Misuku Lodge (Medical Services)" in Kabwe was not kept because it was not a reliably confirmed healthcare employer in the sources reviewed.
- 7) Kitwe Central Hospital / Kitwe Teaching Hospital refers to the same major tertiary hospital; use the current teaching-hospital naming.
- 8) Chambishi heavy-industry employers belong under Kalulushi/Chambishi area rather than Ndola town.
